PLEION
The Sun is our Life!

PLEION IS A DYNAMIC COMPANY WITH OVER 20 YEARS OF KNOW-HOW.

Pleion was founded with a clear mission: to develop eco-sustainable systems by harnessing solar energy, with the awareness that today's choices will impact the well-being of future generations.

Our key strengths are:

- CONTINUOUS INNOVATION
- ORGANIZATIONAL ADAPTABILITY
- CUSTOMER ORIENTATION
- DYNAMIC CORPORATE CULTURE
- PROACTIVE MANAGEMENT

OUR PRODUCTS

Solar Collectors
Highest performance for every application and in any climatic condition.

Solar Thermal Systems
Integrated solutions, both with natural circulation and forced circulation.

Boilers and Storage
A full range of both small and large sizes, designed to produce hot water using the most innovative and efficient technologies

Accessories
Everything you need to optimize and customize your solar thermal system.

ABOUT PLEION

More than 140
employees and sales agency

8.000 m²
Headquarters production site and warehouse

65.000 m²
of solar thermal per year in EU

VACUUM TUBE COLLECTORS

New Generation, **New Revolution!**

X-RAY III R

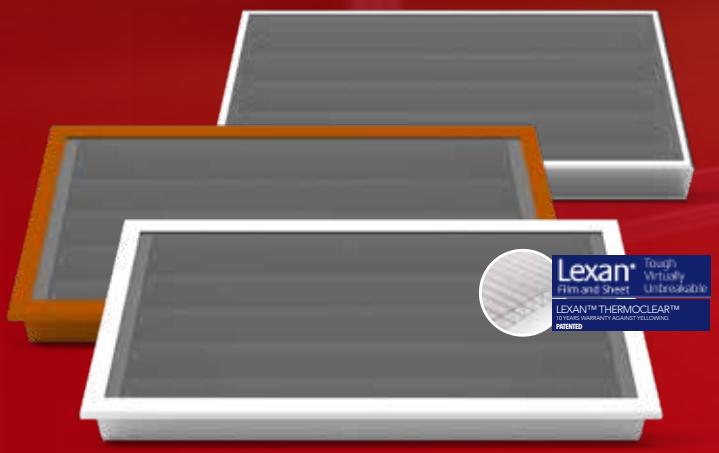

WORLD
INNOVATION
PATENTED

EGO

THE ALL-IN-ONE SOLAR SYSTEM

DESIGNED AND MANUFACTURED IN ITALY

ECLIPSE
SYSTEM

ECLIPSE SYSTEM

The first and only smart ANTI-STAGNATION system in the world.

- Automatic protection
- Energy efficiency
- Extended durability
- Patented

X-RAY R

Maximum efficiency all year round for hot water preparation and heating support.

- Year-round efficiency +15%
- 360° solar capture
- Versatile design
- Winter performance
- Low maintenance

EGO and EGO PRIME

Compact and integrated natural circulation solar thermal system.

- All-in-one system
- Efficient heating
- Advanced technology
- Aesthetic integration
- Simple installation

Fraunhofer ISE · ICC-SRCC OG-100 Certified · SASO · saber · DCL PRODUCT CONFORMITY

NEW RANGE OF STORAGE TANKS FOR HEAT PUMPS

SPAZIO

SPAZIO & SPAZIO PRO

The only one in class A+! DHW (domestic hot water) + heating with heat pump and solar thermal.

- The only one in class A+
- All front connections
- Space-saving square shape
- Innovative pex tank
- 310-liter size in class A+
- 440 and 800-liter sizes in class A

THERMA 430

THERMA 430

The only system for DHW, heating, and cooling! New combined system that manages heating, cooling, and domestic hot water with a single 430-liter storage tank.

- 330-liter vitrified DHW (domestic hot water) storage tank
- 100-liter thermal inertial storage tank for heating/cooling
- Integrated solar station and wi-fi control unit

COMBINED SOLAR
THERMAL SYSTEMS FOR
HOT WATER AND HEATING

THE PERFECT SOLAR SYSTEM FOR YOU!

- Advanced technology
- Integrated features
- Smart collectors
- Easy installation
- PLEION PB 404 controller

APP PLEISOLAR

Monitor the status of your solar system in real-time!

- Installer convenience

DISPONIBILE SU Google Play

Download on the App Store

MINI-BUFFER TANK
FOR HEAT PUMPS

SMART TEMPERATURE
CONTROL

BOOSTER60

PleiTouch CLIMA

PleiTouch

BOOSTER 60

Ultra-compact buffer tank for enhanced heat pump performance.

- Energy savings
- Extended lifespan
- System versatility
- Comfort guaranteed
- Cost-effective

PLEITOUCH & PLEITOUCH CLIMA

The Future of Home Comfort.

- Complete control
- Unlimited expandability
- Smart home integration
- Flexible usage

Choose innovation for a comfortable and technologically advanced home.
